

R2C2

Robotics & Autonomy Showcase

Thursday, August 27, 2026 • 9 AM – 3 PM

Graces Quarters Road, Middle River, Md.

Join us for a one-day demonstration of new technologies in the field of robotics and autonomy at the DEVCOM Army Research Laboratory's Robotics Research Collaboration Campus. These demonstrations will spotlight advancements made by researchers at the Army Research Laboratory.

Scan QR or visit <https://www.etcmd.com/r2c2/> to register.

Invited guests include leaders from government, academia, and industry, and elected officials and their staff. You will have the opportunity to engage with researchers from ARL and its partners as they demonstrate next generation robotics and autonomy capabilities throughout the day.

Space is limited. RSVP by August 20, 2026. Visit <https://www.etcmd.com/r2c2/> for more information. Scan QR for registration.
